COMMITTEES:  
HEALTH AND SENIOR SERVICES  
HOMELAND SECURITY  
VICE-CHAIR, REGULATED PROFESSIONS

October 9, 2020

To The New Jersey Physiological Association:

I am deeply honored to have been selected as the 2020 NJPA Legislator of the Year. I am sincerely grateful for the recognition. In these unprecedented times mental health has to be our priority. There is currently a mental health crisis in America and despite the demand for mental health services, many barriers still remain for those whom are actively seeking assistance. One of my motivating factors for championing bill A-543 (which revises Psychologists training requirement) is to prevent a shortage of mental health professionals and simultaneously entice those whom may have an inclination to go into this profession. Again, I am humbled and extremely proud for this recognition. I truly cannot express my excitement to continue to advocate for issues that I hold dear to my heart and continue to proudly represent the residents of New Jersey.

Sincerely,

A handwritten signature in cursive script that reads "Angelica M. Jimenez".

Angelica M. Jimenez  
Assemblywoman – 32<sup>nd</sup> Legislative District  
Parts of Hudson and Bergen Counties
